Test Easy, Rest Easy

STI Home Test Collection Program

Many STIs are treatable and most are easily cured. The key is to get tested and know your status. The process is easier than you think and can be done entirely from home thanks to North Dakota Department of Health's (NDDoH) partnership with binx health.

Benefits of Home Testing

✓ **Anytime, Anywhere Testing**

An STI test that you can do on your time, and in your own space.

✓ **Private**

The process is completely private and comes in discreet packaging.

✓ **FREE!**

This test is provided by NDDoH free of charge as a screening. To take advantage of this program, please collect and return your sample within 30 days.

How it Works

Find Your Tests

All ND residents age 14 and older are eligible for this program. Take our medically-guided assessment to help identify which tests are right for you, place your order, and checkout free of charge.

Receive Your Box

A licensed clinician will review, and if appropriate, approve your order. We'll send everything you need to collect your samples to your home. Collect and return your sample to the lab within 30 days.

Get Your Results

Your sample will be processed and a licensed clinician will review your results and recommend appropriate treatment. You can expect to receive results by phone or electronically about 1-2 weeks after returning your sample.

Tests

Genital, Anal, and Oral Chlamydia and Gonorrhea, HIV, Syphilis, Hepatitis C, and tests to start and maintain oral HIV PrEP
